

NAVIGATING YOUR PATH TO QUICK AND ADAPTABLE PROCESSES

“Recharge” with Pega and Upton Hill

In the end, it's actually pretty simple: Health Care businesses constantly need to adapt their processes and decision-making to support new products, new initiatives, and new regulations. Speed-to-market is key. Pega and Upton Hill

focus on improving customer journeys to deliver meaningful outcomes, and we do it with agile technologies and projects that focus on the highest-value outcomes first. Plus, by utilizing cloud infrastructure, we get it done fast. Period.

Upton Hill is a consultancy that focuses 100% on Health Care.

We advise. We collaborate. We are agile. We are effective. We look forward to the opportunity to improve Health Care with you!

Health Care companies are experiencing industry disruption on a massive scale. Everything from the core payment models to the alignment of key players is being rearranged. Companies are being forced to adapt continuously as their environment shifts.

At Upton Hill, we have worked exclusively with Health Care companies since our inception. Our consultants have deep experience with the industry, and we believe Pega has the tools that can solve your complex and time-sensitive challenges.

We work collaboratively with your teams to implement solutions and we do it with an Agile mindset. We stay focused on key outcomes every day, just like you.
